

Veterinarian Inspection Form

Code of Iowa Chapter 162

Licensed Facilities

Iowa Administrative Code Chapter 21-67.3(3) states, in part:

e. Each commercial breeder shall enter into a written agreement with a veterinarian licensed in this state to provide veterinary care for the animals maintained in the commercial breeder's facility. The agreement shall include a requirement that the veterinarian visit the facility at least once every 12 months for the purpose of viewing all the animals in the facility, making a general determination concerning the health/disease status of the animals, and reviewing the commercial breeder's program for disease prevention and control. If during the course of the visit, the veterinarian identifies an animal that requires a more detailed individual examination to determine the specific condition of the animal or to determine an appropriate course of treatment, then such examination shall be undertaken.

f. If during an inspection of a facility the department finds an animal which appears to have a physical condition or disease which, in the opinion of the inspector, requires a veterinarian's attention, the department may order that the licensee subject the animal to a veterinarian's examination at the licensee's expense. The department may require the licensee to submit written proof of the veterinarian's examination and results of the examination within a time frame set by the department.

Date of Inspection: 12/5/14

Licensee Name/license number: SHERRY AKERS/STEVE AKERS 10216

Address: 1726 206th ST REDOAK, IA 51566-4420
(Street Number and Name) (Town) (Zip)

Veterinarian Signature: Kate Friddeh

Record Retention: This record to be maintained by the licensee, and made available to departmental personnel, for a period of at least 24 months.

Version 1/2011

- The enclosed Program of Veterinary Care (PVC) should be completed and signed by your attending veterinarian and must be signed by you.
- Keep the properly completed PVC as part of your records that will be reviewed by your USDA inspector.
- DO NOT send the completed PVC form to USDA Regional Office.
- You need a new PVC form only if you change your attending veterinarian.
- You need to update your PVC form and have it re-signed by your attending veterinarian any time you add a new species of animal to your facility or make any other changes in the veterinary care you are providing.
- This sheet may be used as a means to document your attending veterinarian's visit to your facility. If you choose to use it for that purpose, have your attending veterinarian sign and date this sheet during each visit to your facility. Your attending veterinarian must visit your facility at least once each year. This sheet should be kept with your PVC.

with your PVC.
